Traits: Romulan Starship. Prototype, Cloaking Device

One of the newest generation of Romulan starships, the *Cuirass* Class heavy frigate was heavily inspired largely by the Federation's *Intrepid* Class (and some say built with stolen Federation technology). The *Cuirass* is designed to reach trouble spots quickly, with enough firepower to resolve most problems. Despite their heavy weapons fit, the *Cuirass* class also has a respectable science contingent, securing their classification as multi-purpose starships.
